桂林山水

在中国广西壮族自治区东北部，有一个美丽的城市——桂林，它素有“山水甲天下”的盛誉。

桂林的山，平地拔起，百媚千娇，象高耸云表的奇花巨葩，盛开在锦绣江南；漓江的水，澄明透澈，晶莹碧绿，恰似翡翠玉带，逶迤于奇山秀峰之间。

从桂林沿漓江顺流而下，经过八十三公里水程至阳朔，这一段是桂林的重要风景区，奇峰挺拔，秀水潇洄，到处呈现一幅幅美丽的图画。

Landscapes of Guilin

Guilin, in the northeastern part of the Guangxi Zhuang Autonomous Region, is a city famed as being “second to none in scenery in China”.

It is surrounded by abrupt rock hills rising straight out of the ground. The hills have a myriad of forms, some graceful, others grotesque. Among them winds the limpid Lijiang River which holds a mirror to them. The stretch of 83 kilometres down the river from Guilin to Yangshuo is the choice scenic area. It presents unique delightful scenes which unfold like a scroll of painting as your boat advances.
